Dear DPFEM,

Thank you for considering my below CPOR Amendment Bill 2023 Submission. Please treat the email address associated with this submission as confidential.

The Bill at s34A(3) currently reads: *A person must not engage in any conduct, **otherwise than in private**, by which the person intends to create, promote or increase animosity towards, or harassment of, a person who is an identified offender.*

s34A(3) therefore may possibly be interpreted to sanction persons to engage in harassment (e.g. threat, seriously and substantially abuse and severely ridicule) an identified offender, so long as they do so **in private**.

I respectfully request s34A(3) be amended to clarify relevant conduct is not appropriate in any place be it public or private.

Thanks for considering and kind regards.
